

Enterprise AI Acceleration

FROM UNCERTAINTY TO DEPLOYMENT-READY AI

QFluent accelerates your organization's AI journey with a structured, ethics-first framework across every business function. In weeks, not quarters.

QFLUENT

AI readiness scoring, governance, and Copilot enablement on Fabric.

4-6 Weeks

From assessment to deployment-ready state

360°

Cross-functional AI risk coverage across business units

5X

Faster ethical AI governance vs. build-your-own frameworks

100%

Alignment to emerging AI regulatory standards (EU AI Act, NIST)

CORE SERVICE PILLARS

AI Readiness Assessment

Benchmark your organization's data maturity, and AI readiness with best-in-class assessment framework

AI Eval Framework

A rigorous, repeatable evaluation methodology to score, compare, and select AI models.

Ethical AI Governance

Build responsible and ethical AI policies, bias audits, transparency protocols, and accountability structures.

Cross-Functional Risk ID

Identify, quantify, and prioritize AI-specific risks across business domains

AI RISK IDENTIFICATION ACROSS INDUSTRIES

Finance & Accounting

AI forecasting errors, compliance risks, and fraud detection gaps.

Sales & Marketing

AI misuse in personalization, misleading content, and biased lead scoring.

Operations & Supply Chain

AI decision failures, model drift, and vendor lock-in risks.

Legal & Compliance

IP exposure, contract misinterpretation, and cross border data risks.

Customer Experience

Chatbot failures, sentiment analysis errors, & accessibility gaps.

ASSESSMENT TO DEPLOYMENT - YOUR 6-WEEK ROADMAP

Week 1-2
Readiness Assessment

Week 2-3
Risk & Eval Framework

Week 4-5
Ethical AI Blueprint

Week 2-3
Deployment Roadmap

Let's connect to drive innovation together.
